

# Stunning copper re-roofing project named winner of MRA's Best Residential Metal Roofing Competition for Q-1 2024

## Q1 2024 Winner

Metal Roofing Alliance (MRA) has named a beautiful re-roofing project that used all copper tiles as the winner of its Best Metal Roofing Project competition for the first quarter of 2024.

Located in Bow, Wash., the award-winning copper metal roof was installed by MRA member [Mountaintop Metal Roofing](#) on a 4,000 square-foot home, replacing a worn-out blue tile roof that was not only failing, but detracted from overall appearance of the beautiful home. The homeowners decided to go with a "forever" roof and chose copper tile manufactured by [The Aluminum Shingle Company](#) as a crowning touch for the home.

As an organic alloy, the new copper roof will weather beautifully in the Pacific Northwest's wet climate, changing patina over time without compromising on long lasting durability and performance. The project itself impressed the judges with its great attention to detail for a roof that was installed to last a lifetime, and credited the crew for overcoming challenges with great skill, including contending with different planes, skylights and a severe roof pitch. In all, the project took just three weeks to complete.

"This amazing copper roof was installed masterfully, and it will last a lifetime," said Glenn Boss of Mountaintop Metal Roofing. "Installing such a beautiful, long lasting and worry-free roof is very gratifying. We were very happy to be part of such a great project."

With this phase of the competition now closed, the search is on for MRA's Best Residential Metal Roofing project for the second quarter of 2024. Open to U.S. and Canada homeowners, contractors, installers and manufacturers, MRA officials will select one outstanding metal roofing project based on project appearance, performance and originality/use of materials. Interested participants may upload their project photo along with a 200-word or less description for why their metal roofing project is worthy of top honors online at [metalroofing.com](https://metalroofing.com).
