Reed's Metals Is Your Local Source for Top Quality, 100% Customizable Pole Barns.

Pole barns are the economical solution for livestock barns, equipment sheds, and product storage. At Reed's Metals, pole barns are our most versatile and budget friendly building option custom designed and constructed specifically to the customer's needs. We manufacture our own engineered steel trusses in-house, so you know the quality is unmatched. They are lightweight and easy to install - without the need for heavy equipment.
